REFERENCE CHAIN / ONE SOURCE, CONNECTED RECORDS

PACKAGE REVIEW STAGES

- 01 Collect source information
- 02 Check drawing references
- 03 Reconcile revisions
- 04 Record outstanding questions
- 05 Prepare the issue index

RELATED RECORDS

FW-S01 locates the structural bays.
FW-S02 identifies beam sections and bars.
FW-S03 links bar marks to references.
FW-S04 records coordination interfaces.
FW-S05 shows column reinforcement.
FW-S06 organizes the sample package.

STATUS: EXAMPLE

Not issued, checked or approved for use.

DRAWING NOTES

This is a sample register, not a delivery.
Only FW-S01 to FW-S06 are sample downloads.
Other rows illustrate a larger package.
No issue or approval status is claimed.
